SUMMARY

Motivated Computer Engineering student with strong fundamentals in databases, programming, and web technologies. Possesses excellent communication and problem-solving skills with hands-on internship experience. Keen to build a career as a Technical Consultant in Oracle ERP by contributing to enterprise-level solutions and continuous learning.

EDUCATION

Sinhgad College of Engineering

BE - Computer Engineering 2022 - 2026

Trimurti College of Science, Arts & Commerce, Shirampur

12th | MHBSHSC 2022

SKILLS

- **Technical Skills:**
 - Full Stack Development (HTML, CSS, Bootstrap, JS, React, PHP)
 - Java (Data Structures & Algorithms)
 - MySQL Database Management
 - C, C++ Programming Language
 - Computer Networks (CNS)
 - Object-Oriented Programming (OOP)
- **Soft Skills:**
 - Leadership
 - Communication
 - Teamwork
 - Time Management

PROJECTS

Forum Web Application

- **Tech Stack :** PHP, MySQL, Bootstrap, HTML
- Built a discussion forum with user authentication (login/signup), category management, and thread posting.
- Designed a responsive interface using Bootstrap for optimal viewing on all devices.

AI Food Safety Intelligence Platform

- **Tech Stack :** Next.js, React.js, JavaScript, Tailwind CSS, OCR
- Integration, Gemini API, Vercel.
- Developed an AI-based platform that analyzes packaged food ingredients and provides personalized health-risk insights for users.
- Implemented OCR-based ingredient extraction using OpenCV and EasyOCR for scanning real-world food labels.

INTERNSHIP

Web Developer Intern

RightShift Infotech | 15 Jan, 2025 - 15 Feb, 2025

- Developed a fully responsive online fruit store using React, HTML, and CSS.
- Applied component-based architecture to build scalable and maintainable code.
- Practiced debugging, adhered to industry-level coding standards, and wrote clean, maintainable code.
- Improved communication skills through collaboration with team leads and developers.

POSITIONS OF RESPONSIBILITY

Training and Placement Coordinator

- Actively coordinated placement-related activities between students and the Training & Placement Cell.
- Assisted in organizing placement drives, managing logistics, and scheduling.
- Guided peers in resume building, interview preparation, and shared placement insights.
- Managed coordination for pre-placement talks, tests, and other assessment activities.

Volunteer - NSS (National Service Scheme)

- Served as Head of the Discipline Committee (DC), managing discipline and coordination during events and activities.
- Actively participated in community service and social impact initiatives under NSS. Assisted in organizing events, coordinating with volunteers, and ensuring smooth execution of outreach programs.
- Demonstrated strong teamwork, leadership, and a sense of social responsibility. Contributed to creating a positive impact in the local community through consistent volunteer efforts.

EXTRA CURRICULAR ACTIVITIES

- **State-Level Rhythmic Yoga Competition - 2nd Rank**
 - Represented the college and achieved 2nd place, showcasing discipline and consistent performance.
- **Core Organizer - Code Fest**
 - Organized and coordinated the entire coding competition during the college fest, managing event flow and ensuring smooth execution.
- **Volunteer - AI Agon**
 - Assisted in conducting a technical AI-based event, handling participant coordination and technical arrangements.
